### Multi Electronic Park Brake Tool

- VAG Electronic Park Brake
- Mercedes Sensotronic Brake Control
- Enables & Disables Mercedes SBC System
- Resets the VAG Brake Pad Wear Indicator
- VAG Tilt Angle Calibration Function
- Handheld, user friendly, simple and easy to use
- Compatible with latest CAN vehicles
- Petrol and Diesel Vehicles
- Tests VAG EPB Calliper Functions
- Clears Mercedes SBC Errors
- Retracts Callipers for Brake Replacement

### Overview

The new Multi Electronic Park Brake Service Tool has been designed to allow the service and maintenance of brake systems on Audi, Volkswagen, Skoda, Seat & Mercedes vehicles where electronic brake systems are fitted. Having a safe environment is very important when working with such systems, the tool can deactivate Mercedes SBC, avoiding injury as the system can run checks when active. Callipers can be retracted to allow access when changing pads and disks or performing other brake related repairs. The Multi EPB tool can also configure pad thickness on supported VAG vehicles and calibrate auto hold systems. The tool can also clear codes on the Mercedes SBC system after work has been carried out.

### Functions

- Open / Close Callipers
- Deactivate / Activate SBC
- Clear SBC Codes
- VAG Basic Setting
- Tilt Angle Calibration (Auto Hold)
- A8 Pad Change

### Applications

	Variant	Engine Size	Fuel Type	Model Year
